

PlacementHub Testing Internship – Defect Reporting & Incentive Program

Objective

As part of your internship, you will help test the PlacementHub platform and identify defects, usability issues, and workflow gaps. Your contribution will directly help improve the quality and reliability of the product.

This is a flexible, remote internship. Interns are expected to explore the application, test features, report defects, and verify fixes.

Defect Reporting Requirements

Every defect report should include:

1. Module/Feature Name
2. Defect Description
3. Steps to Reproduce
4. Expected Result
5. Actual Result
6. Screenshot or Video Evidence (where applicable)

Incomplete defect reports may not be considered for scoring.

Defect Severity & Points

Critical Defect – 10 Points

A defect that prevents a core business process from functioning or creates a security/data integrity issue.

Examples:

- User cannot log in.
- Student cannot submit an application.

- Recruiter cannot access required functionality.
- Data loss or corruption.
- Unauthorized access to another user's information.
- System crash during a critical workflow.

Major Defect – 5 Points

An important feature is not working correctly, but the system remains usable.

Examples:

- Resume upload fails.
- Incorrect eligibility calculation.
- Notification emails not sent.
- Incorrect reports or dashboard data.
- Search or filtering functionality produces incorrect results.

Minor Defect – 2 Points

The feature works, but usability or presentation can be improved.

Examples:

- Typographical errors.
- Incorrect labels.
- Alignment or formatting issues.
- Unclear validation messages.
- Minor workflow inconveniences.

AI Prompt Bonus

Interns are encouraged to provide an AI prompt that can be used to investigate or fix the issue.

Bonus:

- Accepted and directly usable prompt: +5 Points
- Prompt requiring significant modification or not useful: 0 Points

The decision on prompt acceptance rests with the project owner.

Defects Not Eligible for Points

The following will not be considered defects:

- Known limitations already communicated.
 - Hard-coded values intentionally present for testing.
 - Features marked as Work in Progress.
 - Enhancement requests or feature suggestions.
 - Duplicate defect reports.
 - Issues already reported by another intern.
 - Personal design preferences.
 - Functionality not yet implemented.
-

Scoring Rules

- Points are awarded only for accepted defects.
 - Severity classification is determined by the project owner.
 - Duplicate reports will not receive points.
 - The same defect reported multiple times will not receive additional points.
 - Decisions regarding acceptance and scoring are final.
-

Incentive Program

Pilot Phase (Month 1)

- Value per point: ₹5

Examples:

Points Earned Incentive

50 Points ₹250

100 Points ₹500

200 Points ₹1,000

300 Points ₹1,500

The incentive structure may be reviewed and revised in future months based on participation and project requirements.

What We Value

We are looking for interns who:

- Find meaningful defects.
- Write clear and reproducible defect reports.
- Think from the perspective of students, recruiters, and administrators.
- Help improve product quality.
- Take ownership of testing and verification activities.

Quality of reporting is more important than the number of defects reported.

Confirmation

Please review the above internship responsibilities, defect reporting process, and incentive structure.

If you are comfortable with the remote working model, performance-based incentive program, and the expectations outlined above, please confirm your acceptance by replying to this message.

Upon receiving your confirmation, I will proceed with issuing the internship offer and provide the next steps for onboarding, access to the platform, and testing assignments.

I look forward to working with you and appreciate your contribution towards improving the PlacementHub platform.

regards
